# Stadia and Sports Experience

## Introduction

TRP Consulting and its Directors draw on over 25 years of sports and stadia experience commencing with the Olympic Gallery seating that was installed in the roof of Wembley Stadium in the 1990s. Success on this project was quickly followed by the redevelopment of Manchester United's Old Trafford Stretford End and later, the construction of the new North Stand.

Since we established our practice in 2000, TRP Consulting has developed considerable experience within the field of sports and stadia design. TRP Consulting was one of the only three engineers registered with the Institution of Structural Engineers for the dynamic assessment of grandstand structures, which is a critical consideration of stadia design.

TRP Consulting and its Directors have been involved with a number of Premiership and lower division football club developments. Some of these are listed:

- Arsenal FC
- Southampton FC
- Millwall FC
- Crewe Alexandra FC
- Bolton Wanderers FC
- Leicester City FC
- Norwich City FC
